ABOUT ME

Hello! I am a third-year Computer Science student. During high school, I majored in math and English and now have knowledge of programming languages such as C++, C#, Java, and SQL databases. When I am not studying, I enjoy discovering new information and expanding my knowledge. I am strongly motivated to become my best version and achieve all my goals.

EDUCATION

Bachelor of Computer Science Sep 2021 - Present

Veliko Tarnovo university "St. st. Cyril and Methodius", Veliko Tarnovo

High School Graduation

Sep 2016 - Jul 2021

SE "Saint Kliment Ohridski", Troyan

I graduated with the qualification "English and Mathematics" with excellent scores.

SOCIAL MEDIA MARKETING

Proven expertise in Instagram page growth, successfully cultivating and expanding many accounts with substantial followings. Utilized data-driven strategies and engaging content to drive significant audience growth and interaction. These are the ones I have left.

MY PROJECTS

This is my GitHub account, where I post some of my projects from University and many more fun projects made in my free time while I was learning new things.
